

DRINK CRAZED MAN MURDERS TWO OVER A MISSING QUART.

Claims Whiskey Was Stolen and Opens Fire With Revolver in Home of Neighbor.

TWO OTHERS FATALLY HURT

Lynching Talk Abandoned and Situation in Martinsburg Is Quiet—'Sorry I Killed the Man and Boy, Wanted to Kill Abe,' Says Murderer.

United Press Telegram.
MARTINSBURG, W. Va., May 11.—Arch Brown, aged 35, frantically with drink and accusing someone of stealing his whiskey, this morning opened fire with a revolver in the home of Abe Hay, a neighbor, killing two and fatally wounding two others. One of the victims was an eight year old boy.

The Dead.
PERRY HOY, aged 35.
J. HIGGS, aged 8.

The Wounded.
AUX HOY, brother of dead man, will die.
J. HIGGS, father of dead boy, seriously wounded.
It is alleged that Brown appeared at the home of Hay, his neighbor, and began shooting. Two were instantly killed. Brown was crazed with drink and searching for more of the fiery spirits. He continued to fire at the fleeing persons who tried to escape him. He was lodged in jail after a desperate struggle.

There was talk of lynching but this was abandoned and the town is now quiet.
Sundered by the terrible tragedy for which he was responsible, Brown merely expressed regret that he killed the two who died and missed one who was fatally injured. Perry and the boy, I wanted to kill Abe, he stole my whiskey," is what Brown says to his questioners.

NOTED SURGEON PRESENT AT PHYSICIANS' BANQUET

At The Laurel Club Unlontown Last Night—Local Doctors Who Were Present.

The regular meeting of the Fayette County Medical Association was held yesterday afternoon in the Academy of Medicine in the bank building, Unlontown. In the evening there was a banquet at the Laurel Club at which several very interesting papers were read. The afternoon meeting was largely attended, practically every physician in the county being present. A notable feature of the meeting was the presence of Dr. Louis Blanchard of Rochester, Minn., who spoke on "The Relation of Uterus to Cancer of the Alimentary Canal." The paper was pronounced the best ever read before the society. It contained many points of interest which will no doubt be of great benefit to the physicians. A paper was also read by Dr. J. P. Bilsenour of Unlontown. The subject was "The Cure and Treatment of Cancer." The banquet followed the discussion of the papers. Dr. C. H. LaChap of Unlontown was toastmaster. Drs. Litchfield, Neff, Taylor and Bell responded. The meeting was the most profitable one held for some time.

Among the doctors present were: Drs. T. H. White, G. W. Gallacher, Hugh Baker, A. R. Kild, H. J. Coll, J. C. McClenathan, M. B. Shupe, H. F. Atkinson, R. S. McKee, E. B. Eble and Dr. E. H. of Connellsville; Dr. H. J. Bell of Dawson; Dr. Jesse Hazzlett and Herbert Hall of Vanderbilt, and Dr. Gilmore of Scotland.

INSPECT HUMBERT

Tin Plate Officials Then Left For Morgantown Today.

Accompanied by District Manager Robert Skemp, eight of the higher officials of the American Sheet & Tin Plate Company visited the Humbert mill of the corporation this morning and inspected the plant in charge of Superintendent John Griffin.

The visiting officials spent several hours going through the various departments of the mill and expressed themselves as well pleased with the showing that was made.

The party then left on their special car, "Magnum," for Morgantown where they will inspect the Stribron plant.

CORPORATION TAX

And Penalties Yield an Income of \$25,000,000.

WASHINGTON, May 11.—(Special.) The Commissioner of Internal Revenue, in a statement today, says with penalties the corporation tax assessed to date upon certain persons under the new law amounts to \$25,000,000. New York pays \$1,317,041; Chicago, \$2,286,786; and Minneapolis and St. Paul \$122,450.

STEADY RAIN

In the Yough Region Will Help Gardens and Crops.

After a brief spell of weather that was decidedly pleasant, for a change, it began to rain during the night and all morning a regular spring shower fell. The rain will do considerable good if it is followed by a warm spell and the farmers of the region are hoping that the sun will get on the job for keeps after it clears up.

The temperature was 65, a degree warmer than yesterday morning. The record last evening was 67. The river remains stationary at 2.10 feet but will probably rise several inches today as a result of the rain.

Thompson's Gift to Wash. Jeff; Trinity Hall

Special to The Courier.

WASHINGTON, Pa., May 11.—During the Washington and Jefferson College commencement in June it is stated will be announced officially one of the most important acquisitions of the local institution has been made in the shape of the handsome Trinity Hall property, which it is stated will come into W. & J.'s possession.

Although no official statement has been made to the effect that Washington and Jefferson will have this splendid school grounds, there seems to be no question but the transfer has been made or will be in the near future. According to unofficial statements the college will receive Trinity Hall as a gift from Joseph W. Thompson, the millionaire coal king of Unlontown. It is stated that Mr. Thompson has successfully entered into negotiations with heirs of the late William Smith for Trinity Hall, and that the settlement is sufficiently assured that friends of Washington and Jefferson are elated. The consideration was \$125,000.

College authorities decline to discuss the gift from the Fayette county coal man. However, the reference and the fact that no denial of the sale has been made, is accepted as meaning that Washington and Jefferson will receive the property which those interested in the institution have for years been anxious to secure. Since Trinity Hall closed its doors as an institution of learning it was felt that converting the school into college property should at least be attempted. However the consideration asked seemed very great and now a philanthropist from a neighboring county has apparently come to the aid. Mr. Thompson is known to be a great friend of Washington and Jefferson and this is attested in the substantial gift.

Thus Trinity Hall's record as one of the foremost and exclusive schools of the county being present, the plans entertained by those who claim to be in touch with the affairs relative to Trinity Hall's future Washington and Jefferson academy will be installed there. This is expected to make the academy distinct from the college and at the same time make possible from every standpoint one of the finest preparatory institutions in the country.

Taft's Finding Similar to Memo. of Mr. Lawler

United Press Telegram.

ASHINGTON, May 11.—Attorney Brandeis, representing the Pinchot side of the Ballinger controversy, contended that there is "striking similarity" between the memorandum of Oscar Lawler, Assistant Attorney General for the Interior Department, prepared and President Taft's finding in the Ballinger case.

It is expected when the committee reconvenes tomorrow a duplicate of Lawler's memorandum will be produced.

SMALLPOX AT VANDERBILT.

Negro Woman Is Stricken and Quarantine Regulations Established.

State Health Officer O. R. Altman of Unlontown went to Vanderbilt this morning to cooperate with the Board of Health of that town relative to a quarantine as the result of the discovery of a case of smallpox in the family of Jack McIvor, colored. Mrs. Carrie McIvor, the wife, is ill with the disease.

McIvor was in Connellsville Monday and that night Dr. J. H. Hazlett diagnosed the wife's case as smallpox.

PLAN OPERATIVE

Increased Bond Issue to Care for West Penn Improvements.

The plan under which the American Water Works and Guarantee Company assumes control of the West Penn Railways has been declared operative and the stockholders of the railway company have voted an increase in bonds to \$12,000,000.

Now bonds will be issued to take care of extensions under way and contemplated.

FRANKS FARM IS UNDER DISCUSSION.

Witnesses Testify Before Commissioners and Poor Board.

DON'T WANT IT PURCHASED

Demurrer Is Filed in Springfield Township Equity Suit—Will of Dunbar Township Woman Admitted to Probate this Morning.

Special to The Courier.

UNIONTOWN, May 11.—The County Commissioners and the Poor House Directors met in the small court room and considered the proposition to purchase the Charles B. Franks farm in Dunbar township for a children's home. The Poor Board has recommended the purchase of the farm and several of the remonstrants were heard. In every instance those who appeared to kick against the proposed purchase objected on the grounds that the value of the property in that neighborhood would decrease.

David Parkhill, George Patterson, Mont Moreland, John Moreland, James A. Childs and Charles Kores argued before the county officials against taking over the Franks farm. There are 42 acres in the tract and \$8,000 is the purchase price asked. The Commissioners reserved their decision until tomorrow.

In the equity suit of James M. Pringle against John Pringle, the demurrer of the defendant was filed this morning. John Pringle claims that the plaintiff has ample recourse in a civil suit and denies that the bill avers sufficient facts to give jurisdiction for an equity proceeding.

The suit is a dispute over a \$1,500 farm in Springfield township. In October, 1909, James M. Pringle, then 74 years old, transferred the property to John Pringle in trust and claimed it was to be turned back on request. John M. Pringle has asked that the land be turned back to him and claims John refuses.

The will of Mary Ann McCusker, who died in Dunbar township April 27, was admitted to probate this morning. It is dated October 6, 1909, was witnessed by David Williams and William McCusker and names David C. Foltz executor.

To the daughter Anna, \$1,500; to the son, William, \$1,250; to the daughter, Ellen Kelly, \$1,000; to the grand daughter, Elizabeth McCusker, \$1; to the grandson, Francis McCusker, \$1. It is further directed that six months after the death of the decedent the property be sold and all remaining after the bequests are paid be divided equally among the following 10 children: Norah Ellen, Anna, Catherine, Millie, Sarah Jane, Anna, Bernadette, Maggie, William, James and Arthur.

The case of the Combination Hook & Ladder Company against Connellsville Borough was settled this morning. The Borough agreeing to pay the judgment of \$2,857.

Garletha Administrator.
Christopher C. Garletha is appointed administrator of the estate of the late Tamesh Blach of Brownsville. B. T. Branshear and John S. Griffiths are bondsmen. The bond is \$2,400.

Mrs. Longworth Sells.
NEW YORK, May 11.—(Special.)—Mrs. Nicholas Longworth sailed today on the Mauritania to meet her father in London.

MINE BILL READY FOR THE PRESIDENT.

Conference Report Is Finally Accepted by the House.

IS A TRIUMPH FOR COL. HUFF

Opposition of Representative Tawney of Minnesota Was Overcome, Speaker Cannon Overruling His Point of Order.

Special to The Courier.

WASHINGTON, D. C., May 11.—When the House finally accepted yesterday afternoon the conference report on the Huff bill establishing a bureau of mines, which was adopted by the Senate on Monday, there were congratulations for Chairman Huff that gratified the Greensburg member more than anything that has occurred in the present session. Members retorted that the House finally accepted yesterday afternoon the conference report on the Huff bill establishing a bureau of mines, which was adopted by the Senate on Monday, there were congratulations for Chairman Huff that gratified the Greensburg member more than anything that has occurred in the present session. Salaried Folks, Like You, Should Learn How to Make Their Credit Useful!

The greatest business enterprises in the world owe much of their success to a knowledge of how to use their credit and make it work for them. Apply this to yourself on a smaller scale and learn how to make your credit an active agent for good. We will show you the way—safely, sanely and in a clean, honorable and dignified manner.

Come to us in good faith, tell us you want certain goods, no matter whether a single article or a whole home outfit, tell us how much of your bill you would like to pay each month and then ask us what we are willing to do. Our answer will please you, surprise you and give you an insight into the benefits of clean credit.

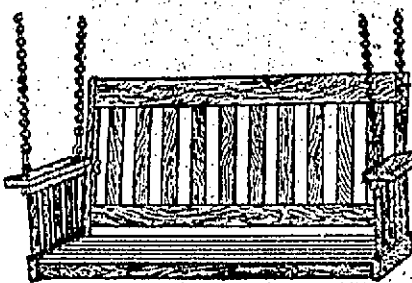

We promise you finer qualities than you can obtain elsewhere, more reasonable prices, more accommodating terms of payment and more all-around satisfaction. This is "The Aaron Way"—the only way to conduct a modern furniture house!

All Brass Bed

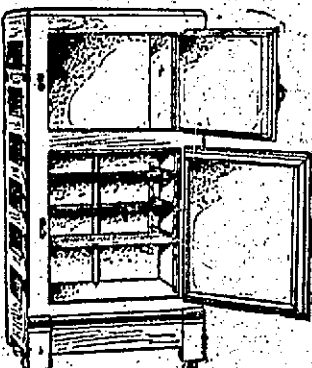

\$11.75

This beautiful bed is guaranteed to be finished in the finest French lacquer. It is of the most durable construction and has heavy two-inch posts and one-inch top rails, with seven 1/2-inch fillers. Biggest bed bargain ever offered. Positive \$20 value. Bright finish. \$11.75

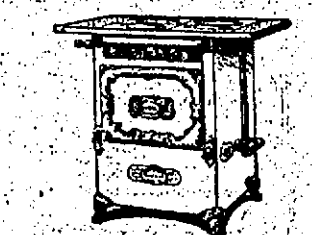

Two-Passenger Porch Swing, finished weathered oak; complete with chains and hooks. Special price only \$3.50

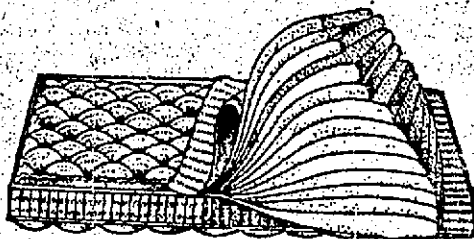

This Large Family White Enamel Lined Refrigerator, made of solid well seasoned wood, finished in a rich golden, round corners; has large roomy ice chamber; the doors and joints are tight-fitting, reducing ice consumption to a minimum; easy to clean and keep clean. Our special price \$12.50

Other Refrigerators as Low as \$6.75.

Guaranteed Gas Range

\$12.75

High grade Cotton Felted Mattress, heavy stripe ticking, built up of (not stuffed) a superior quality of cotton; a mattress we freely recommend to give perfect satisfaction. Special \$8.95

Special Prices on "Crex" Rugs

For this Week and Next Week Only.

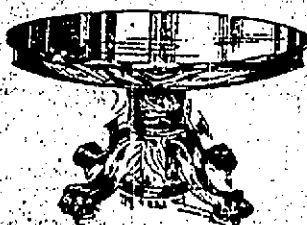

54x90 Crex Rugs, Special \$2.50

6x9 Crex Rugs, figured, special \$4.75

8x10 Crex Rugs, figured, special \$4.75

9x12 Crex Rugs, figured, special \$9.50

Figured Rugs come in a very handsome design with a pretty border surrounding the edge of the rug.

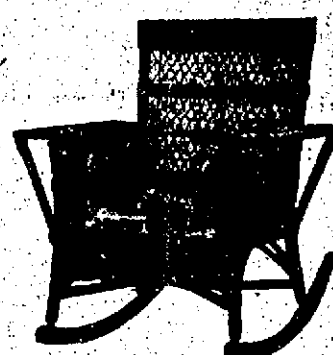

Extension Table

Exactly as pictured above, made of solid oak, golden finish, massive pedestal effect, clay feet and large top. Opened this table extends six feet. Special at Aaron's this week \$12.75

This "One-Motion Go-Cart," which, as its name implies, opens and folds with one simple motion, is made with strong (yet not weighty) steel frame, rubber tire wheels with fabrikoid leather seat, sides and hood. Contrary to general belief this price is for Go-Cart complete. There is no additional charge for hood. Special this week \$5.75

Special Display of the Famous "Kaltex" Furniture.

Suitable for the Den, Library, Living-room, Veranda or Porch. "Kaltex" furniture is strong, sanitary and serviceable. It is cozy, comfortable, light and beautiful, and it will not wear out. Is made of a light tough fibre. It is beautiful, indestructible, not effected by heat and moisture. "Kaltex" furniture has a finish that will not scratch, splinter, or show the effect of hard usage or time. Wash it if it is dusty; scrub it if it is dirty.

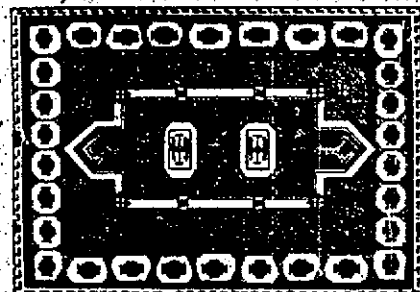

This Rocker, Special \$4.75

We Are Headquarters for All Kinds of Porch Furniture.

Set of 6 Genuine Leather Seat Dining Chairs, \$19.75

Made of finest quality quarter sawed oak. The posts and spindles are square cut; French legs and terminate in claw feet and match the most expensive buffets. Special price for six \$19.75

9x12 Brussels Rugs in a wide assortment of pleasing, artistic patterns, including many rich, new color combinations, will be placed on sale this week at the following special price. Every rug in this lot is made with reversible patterns—thus insuring double wear. In reality, two patterns are woven into each rug—thus making two rugs for the price of one. \$10.75

Aaron's Kitchen Cabinet.

Here is a Kitchen Cabinet that can not help but interest you. The picture does not tell the whole story. The base contains a sliding flour bin hung on steel rollers. The top measurements are 26x40 inches and is made of satin walnut. Special price \$8.75

The Daily Courier.

THE DAILY COURIER, published daily except on Sundays and public holidays, is the only newspaper in the Connellsville coke region which has the benefit and advantage of printing a daily report under each of the exact number of copies printed for distribution. Other papers print forth some extravagant claims, but furnish no figures. Advertising rates on application.

THE WEEKLY COURIER, the recognized organ of the Connellsville coke trade, is an essential value to an industrial journal and an advertising medium for such interests.

Entered as second-class matter at the postoffice, Connellsville, Pa., July 11, 1907.

Postpaid.

DAILY, \$3 per year, in advance. WEEKLY, \$1 per year, in advance. Single copies, 5 cents.

Any irregularities or carelessness in the delivery of the Courier or its agents in other towns should be reported to this office at once.

WEDNESDAY EVENING, MAY 11, 1910.

THE FEDERAL BUREAU OF MINES BILL.

The only serious criticism of the Huff Bureau of Mines bill which passed finally yesterday, is that it butte into the business of the States; yet, as a matter of fact, it is only a tardy recognition of the part of the Federal Government of its paternal responsibility toward the whole people.

Some States have excellent mining laws and those of Pennsylvania perhaps stand at the head of the list in point of intelligence and efficiency; but the mining interests of this State have had more than one cause to congratulate themselves for the material assistance extended through the operation of the United States Geological Survey's testing station at Pittsburgh. This branch of the Federal service will be merged with the Bureau of Mines under the Huff bill. The specific objects of the bill are:

1. The conservation of our mineral wealth.

2. The study of economic necessity to the recovery of the full value of our coal and in this connection the scientific use of fuel.

3. The intelligent investigation of mine disasters and the establishment in the mines of uniform conditions of safety.

Legislation of this character has been sought for years. In some States vainly and in others with a reasonable measure of success; and because of the fact that in some States the search has been rather futile the Federal Government proposes to lend a hand in doing the work which the States have neglected.

THE BEARDED SALVATION OF THE COKE REGION.

The esteemed and erudite Uniontown Standard suggests that the surface land above the worked out Connellsville coal seams can be devoted with profit to raising goats, and dilates in a manner most eloquent upon the utility of the brilliant suggestion.

"How are our coal operators to save themselves from bankruptcy in view of their economic and competitive and market-restricted position?" inquiries our far-sighted and forthrightful contemporary.

In the perusal of The Standard there is but one answer, and it permeates the ambient atmosphere, dispelling the fumes of all the coking processes, condensing its powerful scent over and under and throughout the whole sulphurous mass. Its name is undeniably and emphatically, Goats!

We have been under the impression that the salvation of the Connellsville coke operators depended upon some sort of a practical merger, either a consolidation of their operations as a whole, or of their selling interests specifically, but we are compelled to admit that our remedies were not powerful enough, and that The Standard has solved the great problem in a single word, namely, Goats!

ELECTRIC SIGNS AND THEIR LIMITATIONS.

The electric sign is a thing of beauty and at night a public illumination at private cost. Within reasonable bounds it should be encouraged.

The encouragement of the electric sign has been a part of Connellsville's municipal policy for some years past, and so still remains. In consequence, the electric sign has multiplied in mind and in fact.

There is room for more such signs and we hope to see many more erected, but they should be subject to check on the buildings and should be confined to reasonable size.

Thus far but one objection has been filed against any such signs and we trust it will be adjusted to the mutual satisfaction of the authorities and the merchant, and that in such adjustment the rule governing future signs shall be made plain enough that there will be no further trouble.

THE RIGHTS OF FARMERS AND FISHERMEN.

There has been a great deal of dispute concerning the relative rights of riparian owners and fishermen along trout streams in this and other portions of Pennsylvania, but the deliverance of the State Fish Commission may be accepted as final, not only because of its high authority, but also because of the fact that the decision is sound common sense.

It is, briefly, that the owners of such lands, who accept trout or other fish from the State, or in whose streams such fish find their way, may not lawfully object to fishermen traveling such streams and entering upon private lands in doing so, but that such anglers shall always be responsible for any damage done to lands, fences, trees or growing crops.

Farmers and fishermen should govern themselves accordingly.

The State Superintendent of Public Instruction has declared against examinations in the public schools and intimates that they are little short of barbarous. The boys and girls will all agree with him, and most of them will go a step further and declare that examinations are downright devilish.

We are told that this is a Democratic year. It certainly is, so far as Democratic candidates are concerned.

Congress has voted a statue to a gallant Polish officer of the Revolution, but the duty of honoring in a similar manner the Pioneer and Father of Connellsville remains unfulfilled. "A prophet is not without honor save in his own country."

The Tariff Board, which is only a Tariff Commission under another name, is holding its first session at Washington.

The Washington statesmen are drafting a searching campaign public law. The aim and object of this legislation is primarily to encourage clean politics and incidentally to cut down campaign expenses. Both objects are good, however.

What shall we do with Ex-President Roosevelt when he returns to America? The old question. What shall we do with our Ex-President? One suggestion is that Roosevelt be elected a United States Senator from New York, and the suggestion is a good one. We know of no position into which our Ex-President would fit as well as naturally and so effectively for the public good as that of United States Senator-at-Large ex-officio for life.

With one voice, the English people exclaim, "Let George do it," and perhaps George will.

The Fayette county lawyers contemplate holding their annual picnic at Killbuck this summer. Killbuck has no Ulster Stone, but it won't be needed.

The Chamber of Commerce of Uniontown is in a state of alarm. Better get down to a cash basis.

China has borrowed the civilized habit of borrowing.

The Yukon deputies will have to stand trial for the consequences of Saturday's riot. Private deputies too frequently shoot in haste to repent at leisure. We do not know anything about the merits of this particular case, but it is a fact that the law lacks the patience and the courage of veterans, such for example as the State Constabulary.

"Back to the soil" does not appeal to the small boy when mother suggests something about the weeds in the vegetable garden.

The Uniontown newspapers have quickly followed the example of The Courier and are running a card in their columns headed, "Have you been enumerated?" It would listen more attentively if it were, other Connellsville papers would follow the example.

Have you been counted by the census man? If not, stand up at once.

The Uniontown Herald licks its lips and boasts that the county seat has upskipped a mile in wealth. This is true and has ever been true. Uniontown has the money and Connellsville has the brains.

Uniontown only wants a just count. Sure, that's all Connellsville wants. And we want the coupon count same as Uniontown.

The Pittsburgh veteran who went personally to Washington to look after his pension claim was entirely successful and while he was short of funds in the work his pension will come to him full and undiminished by attorney's fees.

Forest fires at this season of the year are unusual, but all signs fall in line.

The American eagle still screams in distress county and occasionally gets it in the neck.

Washington county had a landslide earthquake yesterday.

Between losing his trunks and missing railroad connections, Roosevelt is having his troubles in Europe.

An imported judiciary is dealing out justice in Somerset county this week.

Candidate Wise can put forth the Glad Hand as numerously and as heartily as his distinguished father did a quarter of a century ago.

The census enumerators of Connellsville assure us that they desire to see every body enumerated in the town. That is the right spirit! There is no quarrel between the enumerators and the Courier.

Uniontown wants another ward. Trying to get even with Connellsville.

A Connellsville man convicted of criminal assault demands a new trial on the grounds that the verdict against him was an 8x4 affair.

Constable Crossland's summer home is still in court.

German township has more wards than Uniontown.

The patriotism of British politics is already waning.

BACK TALK.

The Johnstown Tribune appends to the citizens of that city to not be elphims in the census enumeration, but to fill out the coupon if they think their enumeration is a matter of doubt.

The Johnstown newspapers are on to their job.

The Connellsville News thinks without doubt that somebody has been talking too much about the census.

Some Connellsville people think The News hasn't been talking enough about it, at least not in the right way.

The Washington Reporter calls attention with a melancholy satisfaction to the fact that there is an unusual number of Democratic candidates for county office this year.

Perhaps the esteemed but highly insouciant Reporter is in some measure responsible for the fact.

Administrator's Sale.

ESTATE OF J. O. Chappening, Atty. in Law. WILLIAM H. W. W. DECEASED. Letters of Administration on the estate of William Henry, late of Butlick township, county of Pennsylvania, deceased, having been granted to the undersigned, notice is hereby given to all persons having claims against the estate to present them for settlement. ALBERT HENRY, Administrator, Trent, Somerset County, Pa.

Administrator's Sale.

By virtue of an order of the Orphans' Court of Fayette County, Pennsylvania, at No. 90 March Court, 1910, to me directed, I will offer at public sale the respective premises hereinafter described in the borough of Connellsville, county of Fayette and State of Pennsylvania on

THURSDAY, MAY 20, 1910, at 2 o'clock P. M., the following described real estate: Lot No. 100 in plan of said town of Connellsville as laid out by Zachariah Connell, bounded on the North by Main Street, on the North by Orchard Alley, on the East by land of J. C. and George A. Munson and on the West by land of D. Turner and known as the Smith House property, on which is erected a large three-story brick building used as a hotel, and known as the SMITH HOUSE.

On the same day at 2:10 o'clock P. M., I will offer at public sale the following described real estate: Lot of land bounded on the North by Main Street, on the South by Church Alley, and on the West by lot of A. D. Holsman, and known as the Stone House property, on which is erected a large three-story stone dwelling house and also a three-story brick building containing dwelling apartments and a store room.

TERMS OF SALE: Ten per cent of purchase price on day of sale, balance of one-third on confirmation of sale, one-third in one year from date of confirmation, and one-third in two years from date of confirmation, the said deferred payments to bear interest at the rate of six per cent, payable semi-annually and be secured by mortgage upon the respective properties, containing a 30 day call for, clause and insurance clause to an amount of one-fourth of the purchase price of the respective properties.

HERMAN M. KIPHART, Administrator of the estate of Bertha Smith, deceased. 10may4-11-18

STAIR-BRANT PLUMBING CO. Plumbing, tinning, sheet metal work, steam and hot air heating. Repair work of all kinds promptly attended to. Estimates cheerfully furnished on all contracts. Office 42 S. Pittsburgh street.

Corset Facts

Popular Priced Corsets Reflecting All the Essential Features That Go to Make Up the Corset Ideal. Prices \$1.00 to \$5.00.

The foremost desire of almost every modern woman is to become stylish and graceful, and to attain that slender-appearing figure decreed by fashion. You can experience the realization of this ideal as hundreds of others have done by being fitted with one of our up-to-date models. It matters not whether you be slender, average or stout, the corset to suit your particular style is here in every size. No other garment is more essential as the corset is the foundation of every perfect fitting gown.

The "Nemo," the "Bon Ton" and the "Royal Worcester" possess all the style virtues sought by women of refined taste and good judgment. Even the slightest detail has been well considered and perfected in these, to say nothing of the comfort to be derived therefrom. We will be glad to show and explain our new models whether you purchase or not.

Prices From \$1 to \$5

E. DUNN

129-131-133 N. PITTSBURG STREET.

Think of Last Summer--

You can remember days when the heat inside your kitchen was so great you could hardly bear it. With the right stove you would have made a better hostess. Save your health. Don't put up with the drudgery of a coal range. You can have a clean, cool, pleasant kitchen. The

New Perfection Oil Cook-stove

does away with all drudgery of cooking. Why should you be a slave to a coal range when you can have an Oil Cook-Stove that is cheaper than coal, cleaner than coal, doesn't "smell," doesn't smoke, lights instantly, can be put out instantly, leaves no ashes, and doesn't heat the kitchen. With one of these stoves you can boil, bake or roast the most elaborate dinner. You can change from a slow to a quick fire, or the other way about, by simply turning a wick. Apply a match, and instantly the heat from an intense blue flame shoots upward through the turquoise-blue enamel chimneys to the bottom of pot, kettle or oven—but nowhere else. The stove has every convenience that can be thought of: Cabinet Top with shelf for keeping food and dishes hot, drop shelves to hold coffee or tea pots, towel rack; in fact every convenience possible.

The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive.

Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere. If not at yours, write for Descriptive Circular to the nearest agency of the

GIVES ORCHARD DEMONSTRATION.

Prof. Briggs From State Department of Agriculture Is at Scottdale

AT THE JAMES B. FRETT'S FARM

Horticulturist Briggs Was in This Section Early in the Season and Is a Welcome Visitor—Accident to a Boy—Other Notes.

Special to The Courier.
SCOTSDALE, May 11.—Joseph S. Briggs, an expert horticulturist from the Division of Zoology of the State Department of Agriculture, arrived here last evening and is making a demonstration of spraying and destroying tree pests at the orchard of James B. Fretts, a mile west of Scottdale. This is Prof. Briggs' second visit to this locality, he having been here early in the season to demonstrate in pruning and such early spring practices in the orchards. The lecturer is now doing the work and covering the territory that early in the season was assigned to several men, and is being kept exceedingly busy for a naturally busy man. His former visit did much to assist the farmers and fruit growers and now planting and better pruning of trees and more care for them are apparent in many orchards. The meetings that Prof. Briggs has had are spoken of everywhere by the press as having been very successful, and farmers come from miles around to attend and listen most attentively, ask questions and argue points of practice in fruit growing. This orchard demonstration is about the most the State does for its farmer citizens and they are taking hold of the movement that will mean better fruit, improved orchards and more valuable farms, while the young people who are so likely to leave the farm receive inspiration that may keep them on the land upon which the country depends for its food supply. Prof. Briggs lectured in the Beaver High School to a large and interested audience Monday and endeavored to spread his influence in behalf of the farm wherever he can. The rain today is not good for outdoor work, but it makes it easy for all the farmers to be in attendance at the demonstration. There is a movement on here to secure an agricultural school from the State for three days this winter and this is one of the topics that the farmers are discussing with interest. They are beginning to learn to get whatever they can from the State.

Old Fellows Meeting.
Scottdale Lodge No. 885 of the I. O. O. F. held a largely attended meeting last night to confer the first degree on a number of candidates. The Youngwood lodge sent down their degree team for this purpose and the degree work was handsomely performed. There were also members of the order present from Mt. Pleasant, Boyer, Tarrs and Pleasant Unity and other places. Youngwood had the largest delegation in attendance, 35 members. There was a social time following the conferring of the degrees.

Bicycle Got Fractious.
While C. Leo Mellinger was coming rapidly down Arthur avenue on his bicycle yesterday the front wheel struck a loose stone and overturned the machine and the rider tumbled onto the street. Leo landed mostly on his hands and they and his arms were so badly skinned and bruised that the services of Dr. S. D. Gray were necessary to dress them.

Bulletin Boards Interesting.
The bulletin boards showing the ball scores every day are interesting. One is up town at J. W. Brooks drug store and is put out by a big cigar firm, while the other is at the Steiner Brothers tobacco store. The latter is one of the Bell telephone bulletins and a large, clear one. An interested crowd is always surrounding the boards.

First Aid Meeting.
The first aid class of Scottdale under the direction of Dr. O. C. Engle will meet in the Scottdale Y. M. C. A. rooms on Saturday evening at 7:30 prompt. At this meeting the subject of hemorrhages will be taken up for consideration and the means at hand in the mine or shop to control them will be shown and their use illustrated. There is a large and interested class in Scottdale.

An Overplus of Rain.
This locality has been having more rain perhaps than it could use in the last few days. A heavy downpour came early this morning and soaked everything well, and will prove good for growing stuff. It only the weather doesn't turn cold following the rain. These rains are probably the ones that should have been here months ago, but got sidetracked somewhere.

Want Ball Games.
The Scottdale Keystone Baseball Club wants games with amateur teams, with members of 19 to 25 years of age, teams to be from Westmoreland or Fayette counties. Write to Martin Mulroy, Manager, Scottdale Keystone team, Evanson, Pa.

Attended Funeral.
V. H. Yabner, W. A. Todd, James Keegan and Edward Miller were in Connelville yesterday attending the funeral of John McFadyen, whose body was brought there from Latrobe for burial.

At Missionary Convention.
Mrs. Burtner, wife of Rev. N. E. Burtner, pastor of the First United

Brother Church, and Mrs. Albert Koster and Mrs. L. H. Lottell are delegates from here attending the Woman's Missionary Society of the United Brethren Church being held this week in Dayton, O.

A Birthday Party.
A postal card shower marked Elroy Hough's birthday anniversary, and over 200 cards were brought by the mail carrier to Mr. Hough's home on the Northside yesterday. In the evening Mrs. Hough entertained with a large party which added a second surprise to Mr. Hough who thought the postal cards had wound up the day.

ENDS IN FIGHT.

College Ball Game That Developed Into a Riot.

Indiana, Pa., May 11.—A riot brought to a sudden termination the baseball game between the Indiana State Normal school and the Grove City college teams, during which Middle Fielder McConnelly of the visiting team was mobbed and severely beaten over the head and about the body. He was unconscious when rescued and was carried off the field. It was found that his shoulder blade was broken and his condition is serious. A faculty investigation was started and discharges from school are threatened. The game was started by a large crowd, the Normal students being out in force. In the first inning Adam Snyder, a Normal student, made a remark that angered McConnelly. Snyder was struck in the face and fell to the ground. All during the game Normal students kept hurling scathing remarks at McConnelly. In the ninth inning, when the locals had two men on bases and two out the students swarmed on the field and attacked McConnelly. The Grove City players went to the aid of their fellow student and a pitched battle was soon in progress.

WORSTED BY WOMAN.

Savannah Clergyman Publicly Cowarded and Resigns His Job.
Savannah, Ga., May 11.—Charging that her daughter, Miss Meta, had been wronged by him, Mrs. C. H. Monson soundly cowarded Rev. J. H. Wilson, rector of the Church of the Ascension, at the door of his study in the church building.

Mrs. Monson piled the whip until, becoming exhausted, she swooned. Miss Meta then seized the cowhide and began to thrash the rector. Dr. Wilson made no effort to defend himself, merely saying, "I will not resist you."

Dr. Wilson was badly injured, many of the blows landing on his face and cutting it to pieces. Immediately after being cowarded Dr. Wilson resigned as pastor of the church and it was accepted. The Monsons, family stands high and Dr. Wilson has been popular. Sympathy is with the girl and there is a bitter feeling against the rector.

NEW BRIDGE READY FOR USE
Structure From Beaver to Monaca, Pa., Turned Over by Contractors.
Beaver, Pa., May 11.—The new railroad bridge over the Ohio river from Beaver to Monaca was turned over to the Pittsburgh and Lake Erie railroad by the McCaffrey-McFarland Construction company of Pittsburgh.
A test of the new bridge was made by the officials of the railroad company and the officials of the construction company. Ten engines and twenty gondola cars, filled with pig iron were placed on the bridge, which is about as much weight as the bridge will be required to hold at any time, and the test was satisfactory to the officials of the railroad company. Some time this week the railroad company will place the bridge in active service. The old bridge, which is about 100 feet from the new structure, is likely to be sold by the railroad company for street car purposes.

Natural Results of Old Age.
With old age comes feebleness and less power. The organs act more slowly and less efficiently than in youth. It is hard to get sufficient nourishment from the food to keep strong because the digestion is weak. We want to say to every aged person in this vicinity, if they only knew how our cod liver and iron medicine, Vinol, strengthens the organs of digestion and gives strength we would not be able to get it fast enough to supply the demand.

DAWSON.

DAWSON, May 11.—John Shorbondy of Lantz, Florida, is here visiting at the home of Mr. and Mrs. James H. Shorbondy.
Postmaster C. J. McGill was transacting business at Pittsburgh Tuesday.
L. S. Mellinger was a Connelville business caller yesterday.
Mrs. W. H. Orbin of Scottdale, was here Tuesday and spent the day with Mrs. Emma Braden.
A Lutzman, James C. Stauffer and Alva C. Cochran, who business callers at Newmarket Tuesday.
Mrs. George Nace, of Monaca, who has been here visiting her sister, Miss Ruby Forsythe, has returned home.
Nephew Homer, of Orlando, Ind., who has been visiting friends and relatives for the past two weeks, has returned home.

B. B. Forsythe was a business caller at Connelville Tuesday.
Mrs. J. H. Moore and Mrs. Sue Jones were Pittsburgh shoppers Tuesday.
Burgess J. Clarence McGill was a business caller at Connelville yesterday.
Mrs. George Ford of Steubenville, O., is here visiting her mother Mrs. Mary Sticker, who is seriously ill at the home of her daughter, Mrs. C. R. Rush.
J. M. Mordant has returned home from a few days' business trip spent at Meyersdale.

Mrs. Margaret McDonald was shopping and calling on friends at Connelville Tuesday.
LAYTON.
LAYTON, May 11.—James Hawkins of Connelville, was transacting business in town Tuesday.
Miss Olive Wiley is visiting relatives in Perryopolis.

NEWS OF A DAY IN GREENSBURG.

**Deputy Sheriffs Overcrowd
Westmoreland Jail Which
Now Has 179.**

ONE WAS FROM SCOTSDALE

Deputy McWhorter, it is said, was formerly a Pennsylvania Railroad Detective—Assault and Battery seem almost a County Pastime.

Special to The Courier.
GREENSBURG, May 11.—The Westmoreland county jail is overcrowded with prisoners, the addition of 21 deputy sheriffs brought in charged with murder in the battle at Yukon on Sunday making 179 prisoners. As many as four of Tamm's deputies are crowded in one cell, and had not Tamm provided the men with blankets they would be very uncomfortable, for the Commissioners have thus far refused to grant Sheriff J. E. Shilders' request made several months ago for more bedding and cots.

Sheriff Shilders has revealed all the names of the Pittsburgh deputies and compelled the deputies to turn in their badges. It is said that J. C. McWhorter, one of the deputies, was formerly at Scottdale and worked in the mill there and then became a detective on the P. R. R. It was said that two workers came to the Yukon mines and then joined the union and that a couple of deputies came to hunt them. Then the deputies went away and returned with a force, when McWhorter fired four shots in the air, and the crowd thinking an attack was being made retaliated with a volley of rocks, which precipitated the battle in which one man was killed and 30 wounded on Sunday. It was also stated that McWhorter's license was revoked two weeks ago, and that he went out of the county to do duty and on his return Sheriff Shilders told him his commission was taken from him.

Brief News Notes.
Prof. J. S. Briggs of the Division of Zoology of the Pennsylvania Department of Agriculture gave a splendid orchard demonstration at the farm of Col. E. M. Gross yesterday, that was attended by a large number of people. The Gross orchard is one of the State's model orchards. Prof. Briggs went to Scottdale to demonstrate at the J. D. Potts orchard today.

Memorial Day, Monday, May 30, will be celebrated here by a great parade of the Veterans of the Civil and Spanish wars, the Ladies of the G. A. R., the Sons of Veterans, Boy's Brigade, National Guard, Firemen of Greensburg and surrounding towns and patriotic and fraternal societies.

The Young Women's Christian Temperance Union held a fine entertainment last evening to raise funds to which the purchase of a fountain to be placed on Main street. If the fountain amounts to no more than Scottsdale's fountain, which people of that town say has been dry since last year, the outlook is not promising.

The McKeanport team of the West Penn trolley men are scheduled to play a game with the Greensburgers today.

Sixty-three tables were in use at the Catholic church at Robinson's hall last night. About 250 people had a very pleasant time.

Berkley H. Boyd of Scottdale, a candidate for nomination to the Assembly, was in town today greeting friends.

Many Court Cases.
Judges Doty and McConnell cleared up a good deal of business and all but three cases on the list were reached. Assault and battery seems a pastime in Westmoreland county judging from the number of cases in which these things were the ingredients.

The cases not reached were the Commonwealth against Harry Travis, John D. Watson and Thomas Hayes. The Grand Jury ignored the bill against David Brown and others who were charged by J. B. Andrews with malicious mischief. The bill against J. B. Andrews, charged by David Brown with aggravated assault and battery, was ignored by the Grand Jury and the prosecutor ordered to pay costs. The larceny bill against Max's Store was ignored.

The assault and battery suit against Joseph Lehart failed and Joe Kordella, the prosecutor, was ordered to pay costs.

Frank Danowsky was found guilty of assault and battery.

Stanley Kapulka was found guilty of assault and battery and was sentenced to pay costs, a fine of \$5 and 90 days in jail.

John Plonick was found not guilty of felonious shooting.

W. H. McKenzie was found guilty of assault and battery and sentenced to pay costs and a fine of \$5.

Dominica Cerillo was found guilty of statutory rape and was sentenced to the Huntsville reformatory.

Palo Valentini was found not guilty of assault and battery and J. C. Smith, the prosecutor, was ordered to pay costs.

The Grand Jury ignored the bills against the following on the list: Glen Elwood, John Strode, John Stafford and Mike Koper.

Fishing Has Been Poor.
Trout fishing so far this spring has been poor. It has either been too cold for them or the stream have been swollen so that angling was impossible. Better sport is promised the latter part of this month.

WISE FOLKS WILL ATTEND THIS Great Sacrifice Sale

AT THE SURPRISE DEPARTMENT STORE.

NEW FOREST RESERVE

Will Be Taken Advantage of By Sportsmen.

Many sportsmen of Western Pennsylvania are preparing to take advantage of the recent establishment of a forest reserve on the Western mountain slopes to secure the camping and fishing spots for the summer vacation, and the forestry department at Harrisburg already has received several applications from would-be campers.

The new reserve consists of about 5,000 acres, which probably will be increased in area within the near future and lies in Westmoreland and Somerset counties, covering the top and upper slopes of Laurel hill mountain for several miles.

It is beautifully situated, many of the spots being over 3,000 feet above sea level, but the Commonwealth will have to put in some hard work to get it properly reforested. Lumbering operations are carried on in this section, but of such a nature as to cause the cutting of all timber big enough to make mine pitprops, or, in other words, all in excess of four inches in diameter.

The reserve is, perhaps, best reached by the Pittsburgh, Westmoreland & Somerset railroad, a recently opened line between Ligonier and Somerset, about 25 miles in length. This road in itself is worth a trip of inspection, for in places it has a grade of 318 feet to the mile and so steep is it on the northern slope that even with a powerful locomotive not more than five or six empty coaches can be hauled and when cars are heavily-laden, three are about the limit.

From Ligonier the road climbs up a branch of the Loyalhanna creek for several miles, jumps over a little divide to Rittin's run and follows that stream to its source. The latter rivulet is constantly tumbling over the rocks in cascades and has a rapid descent. Along the northern slope there are practically only two industrial establishments, a saw mill just above Ligonier and a small stone quarry farther up the ridge.

The little railroad follows the windings of the run through a deep and shaded ravine, with woodland on both sides and the rushing torrent now on one side and now on the other. The scenery in the gorges is as wild as any in the State.

It is probable that within the next two years the tract of 1,000 acres, now being operated by the Blair Lumber Company on the summit of Laurel mountain, will be added to the preserve, and a movement of the kind will be advocated by sportsmen of this section. The lumber company will soon be through with this part of its operation there is no coal under the tract and the land is of little or no value for other purposes, although there are probably some available sites for quarrying Ligonier blue rock.

The water throughout the present reserve and the proposed addition is of the finest. Stream after stream springing up on the rather level summit of the ridge and tumble down the mountain side, gathering reinforcements as they go. The present reserve affords many ideal camping sites and probably has an average height above sea level of close to 2,700 feet.

DOWN TO BUSINESS.

of the finest. Stream after stream springing up on the rather level summit of the ridge and tumble down the mountain side, gathering reinforcements as they go. The present reserve affords many ideal camping sites and probably has an average height above sea level of close to 2,700 feet.

NEGROES IN PANIC.

Comet Scared Them and They Think Only of Prayer.

Newman, Ga., May 11.—Halley's comet has thrown the negroes of western Georgia into panic, as they believe it presages the end of the world. In over a dozen counties they have quit work and are spending time in praying and crying.

They expect the end to come on the eighteenth, when the earth passes through the tail of the comet. The negroes declare that no living thing will be left on the earth and they are in constant preparation for the end. They are eating cabbage which are not matured, excusing themselves with the assurance that they will not be here after the eighteenth and that they want to get most of their before leaving the world. The panic among negroes has brought farming operations to a standstill.

GREAT FOREST FIRE RAGING

Wisconsin Town Nearly Wiped Out. Large Tracts of Timber Destroyed.
Washington, W. Va., May 11.—Forest fires which have been raging in the town of Mason during the past few days almost wiped out the little village of Cusson. The fires swept down upon the place and the entire crew of the lumber company was sent out and succeeded in saving the village from destruction. Forest fires now raging in Bradley county are threatening large tracts of timber.

BE INDEPENDENT Buy a California Farm

J. S. & W. S. Kuhn, of Pittsburgh, Pa., have recently opened up for cultivation by irrigation a large tract of land in the Sacramento Valley, Cal. Home seekers are taking up this land rapidly. There is no more fertile land on the continent than in this wonderful valley. Oranges ripen here six weeks earlier than they do in Los Angeles or Riverside. The climate is milder than that of Southern Italy. There is no winter—no snow or ice. Twenty acres in this valley will yield more net profit than eight times that much land in the east.

Why not buy a farm in California to-day? Don't waste your time working for someone else when you can be your own master and live in the garden spot of this continent. Build your home in the Sacramento Valley where the enormous grain ranches which have been farmed for the past half century are now being turned into the enormously more valuable small fruit farms.

Leave the dirt, work and poor climate of the east and live in California's continual sunshine. The initial cost is but \$75 an acre. Will you write to-day to learn more about this wonderful opportunity. Send 1c in stamps for specially prepared and handsomely illustrated booklet, "California, Now or Never."

Hogs—Receipts light, market active and prices higher. Prime heavy hogs, \$9.30; medium and heavy Yorkers, \$10.00; light Yorkers and pigs, \$10.00; roughs, \$3.50; stags, \$7.50.

So many people have automobiles that one can hope to gain distinction only by owning an aeroplane or in incorporating a foundation.

If You Can't Save Much, Save a Little

Small sums saved regularly count up in a way that will astonish you.
For instance, 10 cents a day is \$36.50 a year—and \$36.50 saved every year and placed in this strong bank at 4% compound interest will grow to be a very nice sum as the years go by—a sum that will make life easy for you when your working days are over.

KING GEORGE IS KEPT BUSY.

State Business Occupies Every Minute of His Time.

PLANS FOR EDWARD'S FUNERAL

Seven Kings Have Already Made Known Their Intentions of Being Present When Late Ruler is Laid at Rest.

London, May 11.—King George is one of the busiest men in the empire. From morning to night every minute of his time is occupied in state business or superintending the arrangements for his father's funeral. He is credited with being a conscientious, methodical worker and he passes nothing without first fully understanding it.

His most important engagement was with the privy council, at which the members of the cabinet renewed their official oaths, and alterations in the liturgy of the Church of England, necessitated by the change in sovereigns, were ordained. These show that the queen mother is to be Alexandra's future title.

The preparations for the lying in state in Westminster hall and the funeral in St. George's chapel, Windsor castle, already have been begun and in the next few days both places will be in the hands of carpenters and upholsterers. Electric standards are being fixed around the place in Westminster hall where the catafalque will stand, for it is intended to admit the public until 10 o'clock at night.

If, as expected, many people come from the provinces, numbers of them are likely to be disappointed in passing the corpse, for the official figure that it will be impossible for more than a million to pass during the two days and part of the third day allotted to the ceremony.

The removal of the body from Buckingham palace to Westminster abbey will be carried out with elaborate ceremonial. Troops will line the route along which the imposing procession will pass. Londoners will thus witness a few days have two great spectacles, the second being the state procession from Westminster to Paddington station, when the body is transferred to Windsor. On this second occasion 2,500 troops will line the route. The king and the other sovereigns will ride in the procession. The great pageant will attract immense crowds.

It is known now that seven kings

HEIR TO THRONE.

Edward, Son of George V., the Future Prince of Wales.

besides King George will be present at the funeral of the late King Edward. They are the Kaiser, Emperor William of Germany, and King of Denmark; Frederick VII. of Denmark; King Haakon VII. of Norway; King Alfonso XII of Spain; King Manuel II of Portugal; King Albert of Belgium and King George I of Greece. Other mourners will be the Queen of Norway, the Archduke Ferdinand representing the Emperor of Austria; the Dowager Empress Marie Feodorovna and the Grand Duke Michael, representing the czar, and the Duke of Aosta, who will represent the King of Italy.

Following is the text of the earl marshal's order for general mourning: "In pursuance of an order of his majesty in council dated May 10, 1910, there are to give the public notice that all persons, upon the date of the late king of blessed and glorious memory, do put themselves into decent mourning, to begin Thursday, the twelfth day of May."

Third Suicide in Section. Grafton, W. Va., May 11.—Mrs. Elmus Wilson killed herself by shooting at her home on a farm two miles from Harpersville, W. Va. This makes the third suicide in that district within a few months. William Michael, a well known farmer, was the first, and Mr. Ames was the second. Mrs. Wilson had long been ill and it is believed prolonged bodily suffering affected her mind.

Another Dreadnought For England. London, May 11.—The Hercules, Great Britain's fourteenth dreadnought was launched at Jarrow.
